Chicago District

INDIANA HARBOR AND CANAL CONFINED DISPOSAL FACILITY

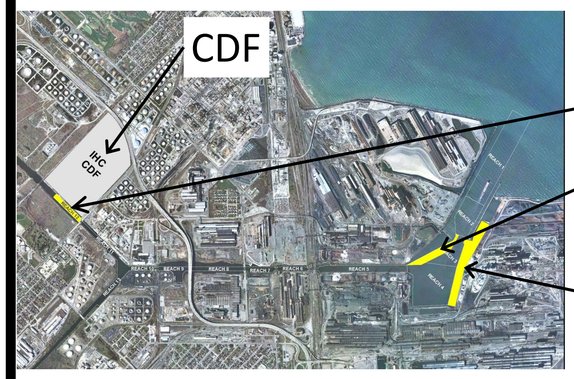
East Chicago
WATERWAY MANAGEMENT DISTRICT

Dredging

Locations

Dredging & Disposal

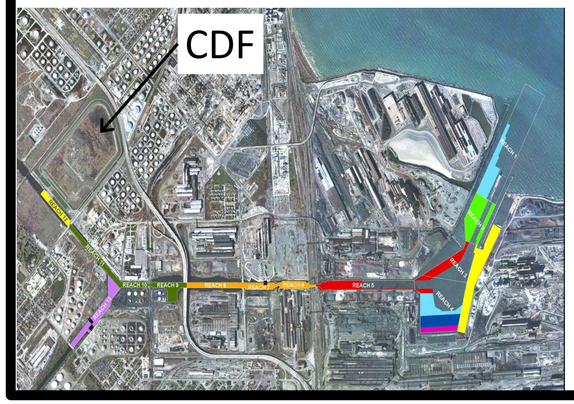
2012 Dredging



Federal Dredging Areas
- Lake George (Reach 12)
- Turning Basin (Reach 3)

Non-Federal Dredging Areas
- 2012 Non-Federal Dredging Area

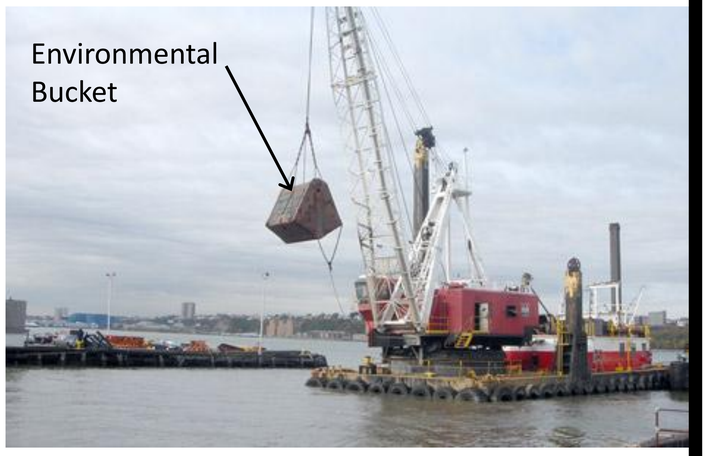
Future Years



- Areas near the harbor entrance will be dredged first, and will continue through the channel towards Lake George.
- Non-Federal Dredging will continue as funds are provided.

Mechanical Dredging

- Mechanical Dredging will be performed using an environmental bucket. This type of bucket has seals to keep material from leaking back into the canal.



Hydraulic Offloading

- Sediment removed from the channel will be mixed with water and pumped through double-wall pipes into the CDF.
