Hydrographic Surveys
Volume Calculation

[Image of a software interface for volume calculation with data and charts]
2004 Survey Results

- Federal Channel $\rightarrow$ ~1,200,000 cu. yds. (77%)
- Berthing Areas $\rightarrow$ ~359,000 cu. Yds. (23%)
Future Process

- Delineate Dredging Areas
- Perform Pre-Dredge Survey
- Determine Fed & Non-Fed
- Dredge
- Post-Dredge Survey
