SECTION II: SUMMARY OF FINDINGS

A. RHA SECTION 10 DETERMINATION OF JURISDICTION.

There **Are no** "navigable waters of the U.S." within Rivers and Harbors Act (RHA) jurisdiction (as defined by 33 CFR part 329) in the review area. [Required]

B. CWA SECTION 404 DETERMINATION OF JURISDICTION.

There **Are no** "waters of the U.S." within Clean Water Act (CWA) jurisdiction (as defined by 33 CFR part 328) in the review area. [Required]

2. **Non-regulated waters/wetlands (check if applicable):¹**

- Potentially jurisdictional waters and/or wetlands were assessed within the review area and determined to be not jurisdictional.
Explain: **Wetland 1 is a large depressional pocket on the north end of the site created by gravel mining which has been abandoned. Wetlands 2, 3, 4, 5, and 6 are all small micro depressions on the floor of a much larger depressional pocket created by gravel mining which has been abandoned. The two large mined pits collect rain water, and do not flow out.**

- Potentially jurisdictional waters and/or wetlands were assessed within the review area and determined to be not jurisdictional.
Explain: **Wetland #5 is a depressional pocket of emergent wetland surrounded by trees, and would have to pond several feet for any water to leave the site; and there is no evidence it ever has. There is no surface water connection to any flowing water of the U.S.; therefore it is isolated.**
