### PROGRAMMATIC GENERAL PERMIT for DUPAGE COUNTY, ILLINOIS

Guidelines for a Complete Submittal for  
a Combined Permit Evaluation by  
DuPage County and the U.S. Army Corps of Engineers  
(April 26, 1995)

It is recommended that the following materials be submitted in order to initiate and expedite the Corps of Engineer's portion of the combined permit evaluation.

1. A letter expressing the applicant's desire to have the application processed under the guidelines of the DuPage County General Permit
2. A completed and signed copy of the Protecting Illinois Waters, Permit Application Form 426
3. A site location map depicting the site boundaries, nearby roads, etc.
4. A USGS map showing site boundaries
5. A conceptual plan depicting the proposed development
6. A complete delineation of all wetlands and other waters located on the site, including those areas extending off-site
7. An estimate of the direct and indirect impacts potentially caused by the proposed development

Please note that additional information is required by DuPage County, as described in the Countywide Stormwater and Floodplain Ordinance. Furthermore, the Corps of Engineers may request additional information if it assumes discretionary authority over a particular project.
