

DEPARTMENT OF THE ARMY
U.S. ARMY CORPS OF ENGINEERS, CHICAGO DISTRICT
231 SOUTH LASALLE STREET, SUITE 1500
CHICAGO IL 60604

November 02, 2023

Planning Branch
Planning, Programs and Project Management

Dear Recipient:

The U.S. Army Corps of Engineers (USACE), Chicago District has released for public comment the Draft Environmental Assessment (EA) on the effects associated with a proposed environmental infrastructure project located in Glenwood, Illinois. The purpose of the proposed project is to provide stormwater storage and conveyance, sanitary sewer infrastructure, and potable water infrastructure (Enclosure 1).

The Draft EA considers four alternatives to address frequent water main breaks and sanitary stormwater infiltration within the Village of Glenwood, Illinois. The recommended plan includes the replacement of sanitary sewer and potable water main infrastructure within the project area plus offsite detention and stormwater conveyance. This work would consist of the expansion of an existing pond plus the installation of a large box sewer to convey 100-year storm events. It would also include upgraded and relocated sanitary sewer, and upgraded, relocated, and properly looped water main.

The 30-day public review period will be held from Thursday, November 02, 2023, through Monday, December 04, 2023. As part of the public review period, USACE would appreciate any comments or concerns associated with the proposed work. Comments could be made on any potential effects to environmental and cultural resources of the proposed action. The Draft EA is available at:

<https://www.lrc.usace.army.mil/Missions/Civil-Works-Projects/Public-Review-Documents/>

Comments regarding the proposed action may be submitted via email or mail. Emailed comments should be sent to robbie.sliwinski@usace.army.mil. Mailed comments should be sent to the attention of Mr. Robbie Sliwinski (CELRC-PDL-E) at the U.S. Army Corps of Engineers, 231 South LaSalle Street, Suite 1500, Chicago, IL 60604. All comments should be postmarked or emailed by December 04, 2023.

Sincerely,
