The information depicted on this map represents the results of a condition survey. Elevations and sounding depths are referred to International Water Datum of 1929 while soundings are referenced to North American Datum 1983. The information is produced for strike/shoal removal operations and not for navigational purposes. As such, it is only valid for its intended use, content, time and accuracy specifications. The user is responsible for the results. The survey was conducted by the Chicago District of the U.S. Army Corps of Engineers.
