APPROVED JURISDICTIONAL DETERMINATION FORM

U.S. Army Corps of Engineers

This form should be completed by following the instructions provided in Section IV of the JD Form Instructional Guidebook.

SECTION I: BACKGROUND INFORMATION

A. REPORT COMPLETION DATE FOR APPROVED JURISDICTIONAL DETERMINATION (JD): 11-Oct-2016

B. DISTRICT OFFICE, FILE NAME, AND NUMBER: Chicago District, Norfolk Avenue and Western Avenue, Crete, LRC-2007-00074

C. PROJECT LOCATION AND BACKGROUND INFORMATION: The property is located at the southeastern corner of Western Ave and Norfolk Ave in the Village of Crete. The property contains two isolated wetlands in the western portion of the property. The isolated, western most wetland, was at one time, wooded. The applicant has removed all trees from the property. A site visit revealed that while there are wetlands onsite, the presence of Norfolk Ave and the construction of it's embankment has left the the western wetland isolated from any connection it might have offsite. Additionally, the eastern isolateed wetland has also been disconnected from its original flow regime through the construction of residential homes, including the build up of yards adjacent to the wetland

State: Illinois County/parish/borough: **Will** City: Crete
Center coordinates of site (lat/long in degree decimal format): Lat. 41.456122°N, Long. -87.669716° W.
Universal Transverse Mercator: Zone 16

Name of nearest waterbody: Deer Creek
Name of nearest Traditional Navigable Water (TNW) into which the aquatic resource flows: **Kankakee River**
Name of watershed or Hydrologic Unit Code (HUC): **Kankakee (07120001)**
